WHAT'S GOING ON AROUND US

In August of 2016 in response to the Federal Child Care and Development Block Grant Act, Virginia began imposing sweeping regulations on child care centers that accepted children who received financial assistance from the state. On June 20th those regulations became law with few modifications.

On August 22nd, Virginia will pass legislation that imposes those same regulations on all licensed child care centers, licensed child day homes and licensed pre-school programs.

More details to follow in July.
